

ENRIZENONE

CORPORATE SUPER

At Enrizen our philosophy is to help our clients achieve more. We'll help you understand what you're up against, what you could aim for and how to get there. Whether it be contract reviews, analysis of statutory requirements or corporate superannuation, we deliver the advice, structure and capabilities allowing you to focus on your core business.

The benefits extend to your entire business, not just those employees with your corporate super.

EMPLOYER BENEFITS

A GUARANTEE THAT YOU ARE COMPLYING WITH ALL CURRENT SUPER REQUIREMENTS

Ongoing government changes in the super industry can make it hard for businesses to keep up. If you haven't reviewed your superannuation requirements in the last few months you may no longer be compliant. We provide you with confidence you are always in line with industry standards.

EASE OF EMPLOYER ADMINISTRATION

With ongoing support at appropriate stages of your business, we can guarantee that you maintain an established high-level super plan, and that your employees remain confident of the value generated from their superannuation fund.

LEGAL AND HUMAN RESOURCES ADVICE

Contract reviews, legal advice and risk mitigation. All legal related business issues, agreements, employment advice, due diligence, purchase or sale, asset acquisition.

TRAVEL INSURANCE PERKS

Provide employees with highly sought after corporate travel insurance benefits and increased limits for their personal and holiday travel at no cost to the organisation.
